Contract no. 5.2 Design and Construction Supervision. Project Management, Technical Assistance and Support for the PIU in Implementation of the Odra Vistula Flood Management Project

**RE: correspondence consultations for the Draft Land Acquisition and Resettlement Action Plan for the Works Contract 3A.6 - Construction of a pumping station for mobile pumps to drain the Lesisko complex**

Dear Sir / Madam,

State Water Holding Polish Waters RZGW in Cracow (hereinafter referred to as the Investor) plans to implement – within the City of Cracow and Wieliczka, the Municipality Cracow and Commune of Wieliczka – an investment titled *Works Contract 3A.6 - Construction of a pumping station for mobile pumps to drain the Lesisko complex*, realized as a part of *Odra-Vistula Flood Management Project* (hereinafter referred to as OVFMP).

The purpose for implementing the *Odra-Vistula Flood Management Project* is enhancement of the flood protection level for people living in selected areas of the Odra river-basin and of the Upper Vistula river-basin, and institutional strengthening of governmental administration in the range of securing more efficient protection against summer and winter floods and rapid floods. The OVFMP Project is co-funded by the International Bank for Reconstruction and Development (hereinafter referred to as the World Bank or IBRD) (Loan Agreement no. 8524 PL of September 10, 2015), the Council of Europe Development Bank (Frame Loan Agreement no. LD 1866 of May 24, 2016), the European Union's Cohesion Fund (IEOP 2014-2020), and by the State Budget.

*Works Contracts 3A.6* consisting in the construction of a pumping station for mobile pumps with accompanying infrastructure and the reconstruction of a section of the canal with desludging of the existing water reservoir in order to secure the Lesisko complex, will be implemented as one of tasks to be implemented under the OVFMP. Due to engagement of World Bank's financial resources in implementation of the *Works Contract*, the Investor is obliged to apply so-called Operational Policies of that International Financial Institution. And mainly to apply Operational

Policy OP 4.12 Involuntary Resettlement comprising main rules and procedures forming a basis for IBRD's approach to involuntary resettlement associated with investment projects. Within the framework of fulfilling provisions under the Policy a Land Acquisition and Resettlement Action Plan (hereinafter referred to as the LA&RAP) – containing information on legal bases related to the acquisition of properties, as well as planned measures to minimize adverse impact on project affected persons and to improve or, at least, restore their living conditions – was developed, and it is currently subject to publication procedure / public consultations. **In case of the Works Contract there are no physical and economic resettlements.**

Your property is located in the area of permanent acquisition and / or in the area of permanent restrictions in use under the *Works Contract*, about which you have already been informed during the administrative proceedings conducted by the Małopolskie Province Governor related to the issuance of the investment permit decision (hereinafter IPIP), and then during the payment of compensation or ongoing appeal proceedings. Consultant, currently working for the Investor, the company AECOM Polska Sp. z o.o., conducts activities aimed at changing the final IPIP decision. Due to the change in design solutions, it was identified that there is a need for an additional permanent restriction on the use of 5 properties, which were already subject to permanent restrictions on use under the 2015 IPIP decision, with a total area of 0.0427 ha. These are properties owned by the State Treasury (1 plot) and from the resources of the Municipality of Cracow used by the Joint Stock Company (4 plots).

We currently wish to invite you to review the draft LA&RAP and to provide your opinion on that study and to ask questions / raise remarks. A Form for Provision of Questions attached to this letter may support you in that. The note also comprises other appendices: **the announcement and the information brochure, which contain all contact data** necessary to submit the questionnaire or provide oral information in a telephone discussion.

Note: persons not having access to the Internet may contact the Investor using the phone number given below, and after notifying about such a situation they shall receive a parcel with a hard copy of the LA&RAP.
