## **APPENDIX 4 - STATUS OF ADMINISTRATIVE PROCEDURES**

## **STATUS OF ADMINISTRATIVE PROCEDURES**

Procedure	Date	
Radar 1 – Legionowo – modernization of existing radar station		
Administrative procedures - radar tower modernization with radar replacement		
Submitting the environmental impact report to the Employer	31.03.2021	
Acceptance of the environmental impact report by the Employer	26.04.2021	
Submission of the environmental impact report to Regional Director for Environmental Protection [RDOŚ] in Warsaw	30.04.2021	
Request from RDOŚ to complete the environmental impact report	05.07.2021	
Supplementing the report on the environmental impact of the project to the RDOŚ	26.07.2021	
Withdrawal of the application from RDOŚ and filing it in the City Hall of Legionowo [Urząd Miasta w Legionowie]	30.08.2021	
Decision on environmental conditions obtained	Pending	
Construction design submitted for acceptance by the Employer	20.07.2021	
Acceptance of the construction design by the Employer	02.08.2021	
Submission of the building permit application to the <b>Poviat Starosty in Legionowo [Starostwo Powiatowe w Legionowie]</b> - planned	23.12.2021	
Obtaining the building permit - planned	28.02.2022	
Validation of the building permit - planned	14.03.2022	
Administrative procedures radar tower - tower anti-corrosion works		
Submission of works to the <b>Poviat Starosty in Legionowo</b>	16.07.2021	
Decision of the Starosty on deficiencies	04.08.2021	
Validation of the submission	09.08.2021	
Administrative Procedures the Research and Energy Building		
Submission of repair works to the <b>Poviat Starosty in Legionowo</b>	26.02.2021	
Validation of the submission of works	19.03.2021	
Administrative procedures warehouse hall		
Submission of the building design for acceptance by the Employer	18.02.2021	
Acceptance of the design by the Employer	19.02.2021	
Obtaining permission for the cutting of 3 trees from the <b>Legionowo City Hall</b>	17.03.2021	
Submission of the building permit application to the <b>District Starosty in Legionowo</b>	26.02.2021	
Obtaining the building permit	08.07.2021	
Validation of the building permit	22.07.2021	
Radar 2 – Rzeszów – modernization of existing radar station		
Submitting the environmental impact report to the Employer	02.04.2021	
Acceptance of the environmental impact report by the Employer	11.07.2021	
Submission of the environmental impact report to Regional Director for Environmental Protection [RDOŚ] in Rzeszów	12.07.2021	
Request from RDOŚ to complete the environmental impact report	28.07.2021	

Procedure	Date
Supplementing the report on the environmental impact of the project to the RDOŚ	06.08.2021
Initiation of proceedings by RDOŚ	11.08.2021
Obtaining the decision from RDOŚ	Pending
The construction design submitted for the Employer's approval - planned	03.12.2021
Acceptance of the construction design by the Employer - planned	17.12.2021
Submission of an application for a permit to realise the investment to the <b>Podkarpackie Voivodship Office</b> [Podkarpacki Urząd Wojewódzki] - planned	30.01.2022
Obtaining the investment realization permit - planned	23.03.2022
Validation of the investment realization permit - planned	09.04.2022
Radar 3 – Poznań – modernization of existing radar station	
Submitting the environmental impact report to the Employer	31.03.2021
Acceptance of the environmental impact report by the Employer	11.07.2021
Submission of the environmental impact report to Regional Director for Environmental Protection [RDOŚ] in Poznań	12.07.2021
Request from RDOŚ to complete the environmental impact report	28.07.2021
Supplementing the report on the environmental impact of the project to the RDOS	20.09.2021
Initiation of proceedings by RDOŚ	29.09.2021
Obtaining the decision from RDOŚ	Pending
The construction design submitted for the Employer's approval	18.11.2021
Acceptance of the construction design by the Employer - planned	02.11.2021
Submission of an application for a permit to realise the investment to the Wielkopolskie Voivodship Office [Wielkopolski Urząd Wojewódzki] - planned	08.01.2022
Obtaining the investment realization permit - planned	21.03.2022
Validation of the investment realization permit - planned	07.04.2022
Radar 4 – Świdwin – modernization of existing radar station	
Submitting the environmental impact report to the Employer	02.04.2021
Acceptance of the environmental impact report by the Employer	03.06.2021
Submission of the environmental impact report to Regional Director for Environmental Protection [RDOŚ] in Szczecin	04.06.2021
Request from RDOŚ to complete the environmental impact report	18.06.2021
Supplementing the report on the environmental impact of the project to the RDOŚ	04.08.2021
A renewed request to RDOŚ to supplement the report on the environmental impact of project	19.08.2021
Initiation of proceedings by RDOŚ	30.09.2021
Obtaining the decision from RDOŚ	Pending
The construction design submitted for the Employer's approval	19.11.2021
Acceptance of the construction design by the Employer - planned	02.12.2021
Submission of an application for a permit to realise the investment to the <b>Zachodniopomorskie Voivodship Office</b> [Zachodniopomorski Urząd Wojewódzki] - planned	08.01.2022
Obtaining the investment realization permit - planned	21.03.2022
Validation of the investment realization permit - planned	07.04.2022
Radar 5 – Ramża – modernization of existing radar station	
Submitting the environmental impact report to the Employer	31.03.2021

Procedure	Date
Acceptance of the environmental impact report by the Employer	11.07.2021
Submission of the environmental impact report to Regional Director for Environmental Protection [RDOŚ] in Katowice	12.07.2021
Request from RDOŚ to complete the environmental impact report	23.07.2021
Supplementing the report on the environmental impact of the project to the RDOŚ	04.08.2021
Initiation of proceedings by RDOŚ	11.08.2021
Obtaining the decision from RDOŚ	Pending
The construction design submitted for the Employer's approval - planned	03.12.2021
Acceptance of the construction design by the Employer - planned	17.12.2021
Submission of an application for a permit to realise the investment to the Śląskie Voivodship Office [Śląski Urząd Wojewódzki] - planned	20.12.2021
Obtaining the investment realization permit - planned	14.02.2022
Validation of the investment realization permit - planned	28.02.2022
Radar 6 – Pastewnik – modernization of existing radar station	
Submitting the environmental impact report to the Employer	31.03.2021
Acceptance of the environmental impact report by the Employer	03.06.2021
Submission of the environmental impact report to Regional Director for Environmental Protection [RDOŚ] in Wrocław	04.06.2021
Request from RDOŚ to complete the environmental impact report	21.06.2021
Supplementing the report on the environmental impact of the project to the RDOŚ	29.07.2021
Initiation of proceedings by RDOŚ	23.09.2021
Obtaining the decision from RDOŚ	Pending
The construction design submitted for the Employer's approval	27.09.2021
Acceptance of the construction design by the Employer - planned	30.11.2021
Submission of an application for a permit to realise the investment to the <b>Dolnośląskie Voivodship Office</b> [Dolnośląski Urząd Wojewódzki] - planned	07.01.2022
Obtaining the investment realization permit - planned	15.03.2022
Validation of the investment realization permit - planned	01.04.2022
Radar 7 – Użranki – building of a new radar station	
Application for a permit for geological works	There is an existing geological and engineering decision
Obtaining permission for geological works (Poviat Starosty in Mrągowo [Starostwo Powiatowe w Mrągowie]) (A duplicate of the geological and engineering documentation was obtained from the Starost Office in Mrągowo, The investor has a decision approving the documentation)	18.06.2021
Application for terms of electricity supply (Energa Operator S.A. – Lidzbark Warmiński)	22.02.2021
Obtaining the conditions for delivery of electric energy	16.04.2021
Application for condition of connection to a public road (Municipal Office Mrągowo [Urząd Gminy w Mrągowie])	15.07.2021
Obtaining conditions for connection to a public road	02.08.2021
Submitting the environmental impact report to the Employer	22.03.2021
Acceptance of the environmental impact report by the Employer	30.03.2021
Submission of the environmental impact report to Regional Director for Environmental Protection [RDOŚ] in Olsztyn	24.04.2021

Request from RDOS to complete the environmental impact report  Supplementing the report on the environmental impact of the project to the RDOS  12,07,2021  Initiation of proceedings by RDOS  Submitting the decision from RDOS  Submitting the architectural concept to be accepted by the Employer  Submitting the architectural concept to be accepted by the Employer  Acceptance of the architectural concept by the Employer planned  The construction design submitted for the Employer's approval  Acceptance of the construction design by the Employer - planned  Submission of an application for a permit to realise the investment to the Warmińsko-Mazurskie Volvodship Office  Warmińsko-Mazurski Urząd Wojewodzki) - planned  Ditaining the investment realization permit - planned  Obtaining the investment realization permit - planned  Opinion on the design of engineering and geological works (Micchów Commune and Town Hall  [Urząd Gminy I Milasta Micchów)]  Application for permission for geological works (Poviat Starosty in Micchów [Starostwo Powiatowe w Micchowie])  Application for permission for geological works (Poviat Starosty in Micchów [Starostwo Powiatowe w Micchowie])  Acceptance of the environmental impact report to the Employer  Submitting the environmental impact report to the Employer  Acceptance of the environmental impact report to the Employer  Acceptance of the architectural concept by the Employer  Acceptance of the architectural concept to be accepted by the Employer  Acceptance of	Procedure	Date
