

REGIONAL DIRECTOR

OF ENVIRONMENTAL PROTECTION Olsztyn, January 31, 2022

IN OLSZTYN

WOOŚ.420.8.2021.BG.25

ORDER

Pursuant to Article 113 § 1 of the Act of 14 June 1960 Code of Administrative Procedure (Journal of Laws of 2021, item 735, as amended)

I decide

at the request of the party, correct an obvious clerical mistake in the decision of the Regional Director for Environmental Protection in Olsztyn, marked: W006.420.8.2021.BG.18, dated 15 December 2021 ☐ environmental conditions for the project entitled: Construction of a meteorological radar on a plot of land no. 33013, Uzranki precinct, Mrągowo municipality, Mrągowo County, Warmian-Masurian Voivodeship, by correction of the entry in the conclusion of the said decision, in the following scope

instead of the entry in point III, subpoint 2, which reads:

Design a radar antenna control system to ensure movement of the antenna beam only within the range of the upper hemisphere and to guarantee its horizontal operation, i.e. with an antenna structure that excludes the possibility of its operation at an elevation angle below +5° from the horizontal line of the antenna

should be written:

Design a radar antenna control system that ensures the movement of the antenna beam only within the range of the upper hemisphere and guarantees its horizontal operation, i.e. with an antenna design that excludes the possibility of its operation at an elevation angle below +0.5° from the horizontal line of the antenna.

JUSTIFICATION

On 21 January 2022, an application was received from the Investor, Institute of Meteorology and Water Management - National Research Institute, Podleśna St. 61, 01-673 Warsaw, acting through its proxy, Mr. Marcin Walter, for correction of an obvious typographical error in the decision of the Regional Director for Environmental Protection in Olsztyn, marked: WOOŚ.420.8.2021.BG.1.8.2021.BG.18, of 15 December 2021 on the environmental conditions of the project entitled: Construction of a meteorological radar on plot of land no. 330/3, Uzranki precinct, Mrągowo municipality, Mrągowo County, Warmian-Masurian Voivodeship. As indicated in the application, in the operative part of the abovementioned decision, in item III, section 2, there is a clerical error consisting in writing an incorrect antenna operation elevation angle amounting to less than +5° from the horizontal antenna line, instead of the elevation angle of +0.5°. The above-mentioned error results from a typographical error in section 11 of the submitted Report on the environmental impact of the project (section 11.2 on page 190).

The body analyzed the content of the above mentioned decision on environmental conditions and the provisions of the Report on the environmental impact of the above mentioned project and agreed with the Applicant that in point 11.2 on page 190 of the Report a clerical error was made,

which was duplicated in the body of the decision on environmental conditions. In the description of the radar technology contained in the submitted Report, including point 2.3 on page 27 of the Report, the correct value for the minimum elevation angle of $+0.5^\circ$ functions.

According to Article 113 § 1 of the Act of 14 June 1960 Code of Administrative Procedure, the public administration body may ex officio or at the request of a party the authority shall rectify by means of an order clerical and accounting errors and other obvious mistakes in its decisions. The correction of a clerical error shall not affect the decision or its findings. In view of the foregoing, it is decided as set out in the operative part of this order.

NOTICE

A party may lodge an appeal against this decision with the General Director for Environmental Protection via the Regional Director for Environmental Protection in Olsztyn within 7 days of delivery of this decision to the party. Pursuant to Article 57 § 5 of the Code of Administrative Procedure, a deadline is considered met, inter alia, if prior to its expiry the letter has been posted in the Polish postal service of the designated operator within the meaning of the Act of 23 November 2012. - Postal Law or at a postal outlet of an operator providing universal postal services in another Member State of the European Union, the Swiss Confederation or a Member State of the European Free Trade Association (EFTA) - party to the Agreement on the European Economic Area.
