Cracow, 19 July 2017

RE: Investment titled: *Completion of redevelopment for the Vistula River flood embankments in Cracow – Section 3 – right bank of the Vistula River from the Dąbie Barrage to the Przewóz Barrage.*

Mr. Eng. Dariusz Adamek MSc  
Sweco Polska Sp. z o.o.  
16. Trybuny Ludów Street  
30-660 Cracow

Sweco Engineering Sp. z o.o.  
Received on 07/20/2017  
Case no.: 2209/4218/DA/1715007

In reference to your note dated 06/30/2017, ref. no.: HTK/DB/15007/1982/17 (received on 07/05/2017), related to the aforementioned investment in the scope of moving a historic shrine, as provided along with attachments, including a *Site Plan – Relocation of a Historic Shrine*, as developed by Eng. Dariusz Adamek MSc with his team, the Municipal Heritage Conservator in Cracow informs that he accepts the provided solution concerning relocation of the existing historic shrine to a location determined in the attached Site Plan; however, the vicinity of the shrine shall also be ordered and the access to it shall be secured from the embankment side.

This opinion does not release from an obligation of obtaining other agreements required under provisions of civil engineering law or under detailed regulations.
